

STUDENT TESTIMONIAL – NEERAJ PATEL

Student Testimonial - Neeraj Patel

Course: Introduction to IoT (NPTEL, Jan- Apr 2025)

Achievement: Ranked among Top 1% Nationwide in NPTEL

"As a third-year Electrical Engineering student at O.P. Jindal University, taking the NPTEL course on Introduction to IoT proved to be a highly enriching academic journey. The course, led by esteemed professors, provided deep insights into Arduino, Smart Grid, Sensors, Actuators, Raspberry Pi , Smart city and Smart home automation.

Being ranked among the top 1% of participants nationally is both an honor and a testament to the commitment and learning fostered by this platform. It has significantly strengthened my technical foundation and sparked a deeper interest in power electronics, smart grids, and system optimization.

I'm grateful to my university and mentors for encouraging the pursuit of national-level certification programs like NPTEL, which play a vital role in bridging theoretical knowledge with practical relevance."
